I will be looking at that today. Do you need a response by a certain time?

Hi Shelly:

Have you had a chance to review the 2017 NE Juneau County Private Well and Surface Water Sampling Report for PII?

Sincerely,

Cheryl Burdett

Hi Cheryl,
I concur with Pat and Chuck.

Thanks,
Shelly

Subject: Isotope Analysis Report

Hi Michelle:

Dr. Snow , University of Nebraska Water Science Laboratory, wrote a report explaining the results of his isotope analyzes of the samples collected using the Geoprobe in northeast Juneau County, Wisconsin. I have reviewed the report along with Chuck Mikalian, ORC and we did not see any information that is PII or enforcement confidential. I would like to upload this document to EPA's website "Northeast Juneau County Wisconsin.

Please let me know if you have any concerns. I have spoken to Pat K. and he is in concurrence as long as Chuck was ok with uploading it.

Sincerely,

Cheryl Burdett
